# Turnaround Safety Solutions

Essential safety solutions to help manage turnarounds safely

Scheduled maintenance shutdowns allow for inspection of equipment that would be impossible to do while the equipment is running or while tanks and vessels are full. A turnaround should result in returning to peak performance levels when production restarts. As a significant part of a plant's yearly maintenance budget, turnarounds can impact the bottom line if not planned properly. Justrite Safety Group offers a collection of product solutions to help ensure safety during shutdowns.

## Safety Identification

### Safety Tags

Pliable poly-tags are tear and water resistant. Measures 5-3/4" x 3-1/4" with 3/8" top hole.

TAR114 100/roll

MLT400CTP 25/pk

TAB105CTP 25/pack

TAB110CTP 25/pack

### STOPOUT<sup>®</sup> Lockout Devices

Just shutting down or disconnecting equipment is not enough. Lockout/Tagout devices keep employees safe by making it inoperable.

Gate Valve Handle Lockouts  
KDD471 For 2-1/2" - 5" handle

Ball Valve Lockouts  
KDD442 For 3/8" - 1-1/4" valve

### Inspection & Status Record Tags

See the last recorded inspection and status of equipment at a glance.

TRS315CTP 25/pk

TAR716 100/roll

HTT103 Zip ties, 50/pack

RPT226 25/pack  
7 5/8" x 3 1/4"  
flexible plastic tags

SCTH Scaffold Tag Holder,  
12.17" x 3.66" with 2.5" hang hole;  
molded plastic with  
side slots for tag

## Essential Safety Solutions

### Safety Cans

Protect workers and reduce the risk of fire and explosion when pouring and storing flammable liquids. Use to refuel generators during turnaround or heavy-equipment at ground level, transport gasoline for small engine and road vehicles, and store flammable liquids in maintenance areas.

- 7150100 Justrite Type I Safety Can, 5 gallon, red
- 7150200 Justrite Type I Safety Can, 5 gallon, yellow
- 11202Y Funnel For Justrite Type I Safety Cans

### Spill Containment

Be prepared for accidental leaks and spills. Quickly contain spills and leaks during temporary storage of drums, machine parts, batteries, and equipment.

- 28519 Rigid-Lock QuickBerm<sup>®</sup>, 10 x 20 ft **▲†**
- 28362 Ground Mat, 6 x 56 ft
- 28424 Maintenance Spill Berm, 10 x 11 ft **▲†**
- 28325 Pop-Up Pool, 62" dia x 16"H **▲**

### Emergency Safety Showers & Eyewashes

Critical for emergency response, self-contained showers and eye wash stations don't require plumbing—ideal for shutdowns.
